For You. For Life.

 **reveal**
the touch of science

The Delhi Aesthetic Education Group has always been at the forefront of giving the best to the fraternity. AESTHETICON has been a much appreciated annual effort of the organization for the last more than a decade. It has given the best possible training to the young budding dermatologists in all walks of Aesthetic Dermatology.

We are glad to inform that AESTHETICON 2021 will be held on the 28th and 29th of August, 2021. It will be the first of its kind 2 day hybrid workshop that will beam all the procedures live or as video demonstrations on the web and also will have a hands on experience for those who opt for the physical training. There will be direct communication with all the attendees for clarification of every minute detail.

We invite you to join this hands on plus virtual academic extravaganza that will be live on the 28th and 29th of August, 2021 as per the program. The congress will be held at Hotel Le Meridian, Connaught Place, New Delhi, on the 28th August and at Skinovation Clinics, on the 29th of August, 2021

**Certificate Course for only Qualified
Dermatologists & Plastic Surgeons**

TOPICS COVERED

- Newer indications of Injectables & Threads
- Advanced Botulinum toxin injection techniques
- Advanced dermal filler techniques
- Laser & Cutaneous Surgery
- Non-Culture Melanocyte Transfer
- Microblading- Creating Hair Out of Pigment
- Hair transplant – unknown indications

WORKSHOP DELIVERY AND REQUIREMENTS

The work shop will be an excellent opportunity for medical professionals interested in enhancing their clinical knowledge in aesthetic principles and the safe practice of the latest evidence-based aesthetic medicine procedures. Ideal for practitioners who are considering working in the field, the workshop provides a new level of confidence and competence relevant to primary care, enabling you to integrate cosmetic services into your day-to-day work. The workshop features interactive lectures, case discussions, live demonstrations, and optional practical sessions on simulated models.
